WEPOS Grease, Wax & Dirt Remover

Description

Concentrate for easy removal of dirt, old layers of care products, wax and polish residues, skid marks, nicotine deposits and greasy and oily contaminations and building dirt. For interior and exterior use on stone, tiles and ceramic, plastic and metal. Also for furniture and cars. Ideal for basic cleaning before applying protection and care products.

Effect:

Easily removes dirt, old protective layers, wax and polish residues, run marks, heel marks and rubber abrasion, nicotine deposits, yellowing as well as greasy and oily soiling and dirt from construction.

Application:

Inside and outside use for stone, ceramic, plastic, glass and metal. For basic cleaning of floors, furniture, windowsills, kitchen equipment, office and garden furniture, awnings, etc.

Also for vehicle interiors, plastic parts and wheel rims (including aluminium). Basic cleaning prior to applying to seals, impregnations, varnish and polish layers.

Direction of use:

Add 200 ml to a bucket of warm water. Apply with floor wiper or cloth. Then refinish with scrubber, brush or sponge and remove dissolved dirt. Then wash with clean water. Can also be used undiluted in the case higher level soiling.

Important:

High-varnish areas may become dull. Before use, always test product in an inconspicuous area.
